To Whom It May Concern:

We have engaged Business Technology Partners [BTP] for over 12 months to maintain and update our network system. The level of service provided, expert advice and prompt response to callouts is second to none. The additional services offered by BTP such as preventative maintenance, spam clearing and system health monitoring has greatly reduced downtime and provided peace of mind. BTP is reliable and cost effective, matching our system requirements to the real needs of our business.

We are extremely happy with the services provided by BTP, and have no hesitation in recommending BTP to other businesses.

Kind Regards,
