Dear Sirs

RE: BUSINESS TECHNOLOGY PARTNERS

I have been using Michael Jenkin and subsequently Sam Webster, for my I.T. support for over 8 years now.

Their knowledge of small business systems is diverse.

They have supported and provided knowledge for our firm and my self in the following:

- Server installations
- Network infrastructure eg Routers, firewalls, cabling and program setup
- Supply and maintenance of work stations and applications.
- Devising macros and batch files to improve our workflow.
- Online server health checks, back up and security checks.
- Out of hours support when needed.

I am happy to recommend this new firm and feel sure they will support you very well.

Please do not hesitate to call or email me if you would like to qualify my recommendations

Yours faithfully

MEISTER BELPERIO CLARK
